

## **Modern Slavery and Human Trafficking**

### **Policy Statement**

Board24 acknowledges its responsibilities in relation to ethical business activity and in tackling modern slavery within our supply chain and other parts of our business. Our policies and our interaction with colleagues, as well as suppliers, reflect our commitment to acting ethically in all our operational matters. We strive to ensure that we, and our supply chain, act in compliance with the Modern Slavery Act 2015 and will continue to monitor such compliance.

### **Our Business**

Board24 is the largest independent sheet feeding plant network, supplying a full range of customers a range of bespoke corrugated sheet solutions.

### **Due Diligence**

We have undertaken an initial risk assessment of all those areas within our business and our supply chain identified by the legislation, with particular focus on child labour, health and safety, workers' rights, diversity and minimum pay. We are committed to compliance with the Modern Slavery Act 2015, and to ensure those within our supply chain are also aware of their obligations, we are rolling out a compliance initiative as part of our quality assurance programme and vendor approval process.

### **Supply Chain**

Our supply chains include paper, pallets, haulage, and energy. Almost all our purchases are from the UK and countries within the EEA. We do not trade with countries which are the subject of sanctions or embargoes imposed by either the United Nations or the UK government.

### **Training**

We continue to develop training for our staff on the issue of modern slavery within our supply chains and our business. We are committed to addressing modern slavery and ensuring ethical compliance and have developed policies which reflect the values we adhere to as a business. These are available in our staff handbook and include a provision to address a safe mechanism for whistle blowing.

This statement is made pursuant to section 54(1) of the Modern Slavery Act 2015 in relation to the 15 month period ending 31 March 2022.
