## Modern Slavery and Human Trafficking

### Policy Statement

Precision Liquids is an organisation which acknowledges its responsibilities in relation to ethical business activity and in tackling modern slavery within our supply chain or in any other part of our business. Our policies and our interaction with colleagues, as well as suppliers, reflects our commitment to acting ethically in all our operational matters. We strive to ensure that we, and our supply chain, act in compliance with the Modern Slavery Act 2015 and will continue to monitor such compliance.

### Our Business

Precision Liquids is the leading supplier of vegetable oils to the animal feed industry in Ireland. The location of dedicated tank storage facilities within the Port of Belfast gives us the opportunity to import vegetable oils from around the globe by ship. Specific blends of oils can be tailor made at the FEMAS certified facility in Belfast and delivered to the customer in dedicated transport.

### Due Diligence

We have undertaken an initial risk assessment, of all those areas within our business and our supply chain identified by the legislation, with particular focus on child labour, forced labour, health and safety, workers rights, diversity and minimum pay. We are committed to compliance with the Modern Slavery Act 2015, and to ensure those within our supply chain are also aware of their obligations, we are rolling out a compliance initiative as part of our Quality Assurance programme and vendor approval process. Our ethical trading risk assessments now form an integral part of the approval process for new vendors; and will include annual spot checks for approved vendors.

### Training

We have developed training for our staff on the issue of modern slavery within our supply chains and our business. We are committed to addressing modern slavery and ensuring ethical compliance, and have developed policies which reflect the values we adhere to as a business. These are made available within our staff handbook, and includes a provision to address a safe mechanism for whistle blowing.

This statement is made pursuant to section 54(1) of the Modern Slavery Act 2015 in relation to the financial year ending July 2016
